

## **BAPTISED AND SENT**

In this field we can all be workers  
Sow the seeds of heaven's love  
Let the rain caress the seedlings  
Till they reach the skies above

Let us spread the Word to every corner  
let the weak be strong again  
we are called and we're invited  
to help the work of Jesus' hands

### **BRIDGE:**

Though the years may pass remember  
Still the message is the same  
Reaching out to all who listen  
It resounds with Jesus' name

### **CHORUS:**

Baptised and sent, Baptised and sent  
To share the joy in every continent  
God is our friend  
Baptised and sent

Baptised and sent, Baptised and sent  
We'll bring hope where there is just despair  
Show that we care  
His love has no end

Let's bear witness through our actions  
They can speak louder than words  
Lay a path for all to follow  
So our voices can be heard

With our help there'll be a future  
Help the fallen rise again  
Faith is stronger than injustice  
This, we'll help them understand

### **BRIDGE:**

Now our life can be a mission  
In this plan to play a part  
All it takes is one decision  
To bring about a change of heart

### **CHORUS:**

Baptised and sent, Baptised and sent  
To share the joy in every continent  
God is our friend  
Baptised and sent

Baptised and sent, Baptised and sent  
We'll bring hope where there is just despair  
Show that we care  
His love has no end

### **BRIDGE II:**

We are the ones to make it happen  
We are the seeds, in love we grow  
We'll be like clay so we'll be moulded  
By His hand so the world will know...

### **CHORUS:**

Baptised and sent, Baptised and sent  
To share the joy in every continent  
God is our friend  
Baptised and sent

Baptised and sent, Baptised and sent  
To share the joy in every continent  
God is our friend  
Baptised and sent

Baptised and sent, Baptised and sent  
We'll bring hope where there is just despair  
Show that we care  
His love has no end

Show that we care  
His love has no end
